

13th December 2017

Dear Parents and Carers,

ALL BACK TO NORMAL

Your sons and daughters have been brilliant today.

It's clear that every single student has missed school (!) and they have behaved and gone about the day in exactly the way we'd planned and hoped. At this moment in time I am aware of one student who was unwise enough to pick up some snow and whilst that number may grow the overwhelming picture was of really well-behaved and friendly students again today. The dining room was packed at midday and the students waited calmly and patiently in line for their turn.

Tomorrow, everything is completely back to normal. Normal opening and closing and the resumption of normal breaks and split lunches. Outdoor lessons may be affected of course, but that is true of any bad weather day and that will be managed routinely as well.

Thank you again for your support and patience.

Yours sincerely,

Barry Doherty

Headteacher
