Next Review Date	September 2021
Version Number	4

Please note that the DfE's 'Relationships Education, Relationships and Sex Education, and Health Education in England' and The Relationships Education, Relationships and Sex Education and Health Education (England) Regulations 2019 will be statutory from 1 September 2020. Schools are encouraged to adopt the new curriculum from September 2019 but are not obliged to do so. Schools that adopt the new curriculum early will still need to meet the requirements outlined in the current 'Sex and Relationship Education Guidance' until the new guidance comes into effect

Statement of intent

At Colmers School and Sixth Form, we understand the importance of educating pupils about sex, relationships and their health, for them to make responsible and well-informed decisions in their lives.

The teaching of Relationships and Sex Education (RSE) and health education can help to prepare pupils for the opportunities, responsibilities and experiences of adult life. It allows us to promote the spiritual, moral, social, cultural, mental and physical development of pupils at school and in wider society. RSE and health education at Colmers play a fundamental part in fostering the well being of our students, helping them develop resilience and character as we support them to be happy, successful and productive members of society.

We have an obligation to provide pupils with high-quality, evidence and age-appropriate teaching of these subjects. This policy outlines how the school's RSE and health education curriculum will be organised and delivered, to ensure it meets the needs of all pupils.

1. Legal framework

- 1.1. This policy has due regard to all relevant legislation and statutory guidance including, but not limited to, the following:

Equality Act 2010

DfE (2018) 'Keeping children safe in education'

DfE (2019) 'Relationships Education, Relationships and Sex Education (RSE) and Health Education'

DfE (2015) 'National curriculum in England: science programmes of study'

The Relationships Education, Relationships and Sex Education and Health Education (England) Regulations 2019

Children and Social Work Act 2017

- 1.2. This policy operates in conjunction with the following school policies:

Behaviour For Learning Policy

SEND Policy

LGBTQ+ Policy - Draft

E-safety Policy

Equal Opportunities Policy

Anti-Bullying Policy

Child Protection and Safeguarding Policy

Records Management Policy – under review

Acceptable Terms of Use Policy

2. Roles and responsibilities

- 2.1. The governing board is responsible for:

Ensuring all pupils make progress in achieving the expected educational outcomes.

Ensuring the Relationships, Sex Education (RSE) and Health Education curriculum is well-led, effectively managed and well-planned.

Evaluating the quality of provision through regular and effective self-evaluation.

Ensuring that teaching is delivered in ways that are accessible to all pupils with special educational needs, (SEND).

Providing clear information to parents and carers on the subject content and the right to request that their child is withdrawn.

Ensuring RSE and health education is resourced, staffed and timetabled in a way that ensures the school can fulfil its legal obligations.

2.2. The **headteacher** is responsible for:

The overall implementation of this policy.

Ensuring all staff are suitably trained to deliver the subjects.

Ensuring parents and carers are fully informed of this policy.

Reviewing all requests to withdraw pupils from non-statutory elements of the RSE and health education curriculum.

Ensuring withdrawn pupils receive appropriate, purposeful education during the period of withdrawal.

Reviewing this policy on an **annual** basis.

Reporting to the governing board on the effectiveness of this policy and the curriculum.

2.3. The Personal Development Lead is responsible for:

Overseeing the delivery of RSE and health education.

Working closely with colleagues in related curriculum areas to ensure the RSE and health education curriculum compliments, and does not duplicate, the content covered in national curriculum subjects.

Ensuring the curriculum is age-appropriate and of high-quality.

Reviewing changes to the RSE and health education curriculum and advising on their implementation.

Helping the Heads of Faculty (HoFs) and Learning for Life (L4L) subject lead to monitor the learning and teaching of RSE and health education, providing support to staff where necessary.

Helping the HOFs and subject lead for L4L to ensure the continuity and progression between each year group.

Helping to the HOFs and the subject lead for L4L to develop colleagues' expertise in the subject.

Helping the HOFs and subject lead for L4L to ensure teachers are provided with adequate resources to support teaching of the curriculum.

Ensuring the school meets its statutory requirements in relation to RSE and health education.

Helping the HOFs and the subject lead for L4L to ensure the correct standards are met for recording and assessing pupil performance.

Helping the HOFs and subject lead for L4L to monitor and evaluate the effectiveness of the subjects and providing reports to the Senior Leadership Team (SLT).

2.4. **Subject teachers** are responsible for:

Acting in accordance with, and promoting, this policy

Delivering RSE and health education in a sensitive way and that is of a high-quality and appropriate for each year group.

Ensuring they do not express personal views or beliefs that run contrary to our policy and our Public Sector Equality Duty when delivering the curriculum.

Planning lessons effectively, ensuring a range of appropriate teaching methods and resources are used to cover the content.

Modelling positive attitudes to RSE and health education.

Liaising with the SENDCO and Assistant SENDCO about identifying and responding to the individual needs of pupils with SEND.

Liaising with the HOFS and subject lead for Learning 4 Life about key topics, resources and support for individual pupils.

Monitoring pupil progress in RSE and health education.

Reporting any concerns regarding the teaching of RSE or health education to the HOFS and subject leader for L4L or a member of the SLT.

Reporting any safeguarding concerns or disclosures that pupils may make as a result of the subject content to the DSL.

Responding appropriately to pupils whose parents and carers have requested to withdraw them from the non-statutory components of RSE, by providing them with alternative education opportunities.

2.5. The **SENDCO** is responsible for:

Advising teaching staff how best to identify and support pupils' individual needs.

3. Organisation of the RSE and health education curriculum

- 3.1. All schools providing secondary education are required to deliver statutory RSE and all state-funded schools are required to deliver health education.
- 3.2. For the purpose of this policy, “**relationships and sex education**”, RSE, is defined as teaching pupils about developing healthy, nurturing relationships of all kinds, and helping them to understand human sexuality and to respect themselves and others.
- 3.3. For the purpose of this policy, “**health education**” is defined as teaching pupils about how they can make good decisions about their own health and wellbeing, and how physical health and mental wellbeing are interlinked.
- 3.4. The RSE and health education curriculum will be developed in consultation with teachers, pupils and parents and carers, and in accordance with DfE recommendations.

- 3.5. We will gather the views of teachers, pupils and parents and carers in the following ways:
- Student voice
 - Parent surveys
 - Meetings
 - Letters
 - Training sessions
- 3.6. The majority of the RSE and health education curriculum will be delivered through RS and Learning for life, with statutory elements taught via the Science curriculum, PE curriculum and Food and Nutrition curriculum.
- 3.7. The HOFs and subject leader for L4L will work closely with their colleagues in related curriculum areas to ensure the curriculum complements and does not duplicate the content covered in national curriculum subjects.
- 3.8. The curriculum has been developed in line with the DfE's 'Relationships Education, Relationships and Sex Education (RSE) and Health Education' guidance.
- 3.9. The school will consider the context and views of the wider local community when developing the curriculum to ensure it is reflective of issues in the local area.
- 3.10. The school will consider the religious background of all pupils when planning teaching, to ensure all topics included are appropriately handled.
- 3.11. The RSE and health education curriculum is informed by topical issues in the school and wider community, to ensure it is tailored to pupils' needs, for example, if there was a local prevalence of specific sexually transmitted infections, our curriculum would be tailored to address this issue.

4. RSE subject overview

- 4.1. RSE will continue to develop pupils' knowledge on the topics taught at a primary level, in addition to the content outlined in this section.

Families

- 4.2. By the end of secondary school, pupils will know:

That families come in many different configurations.

That there are different types of committed, stable relationships.

How different relationships might contribute to human happiness and their significance for bringing up children.

What marriage and civil partnership are, including their legal status, e.g. that marriage carries legal rights and protections not available to couples who are cohabiting.

Why marriage and civil partnership are significant choices for many couples and why these must be freely entered into.

The characteristics and legal status of other types of long-term relationships.

The roles and responsibilities of parents and carers with respect to raising children, including the characteristics of successful parenting.

4.3. Pupils will also know how to:

Determine whether other children, adults or sources of information are trustworthy.

Judge when a family, friend, intimate or other relationship is unsafe, and recognise this in others' relationships.

How to seek help or advice if needed, including reporting concerns about others.

Respectful relationships, including friendships

4.4. By the end of secondary school, pupils will know:

The characteristics of positive and healthy friendships in all contexts (including online), including trust, respect, honesty, kindness, generosity, boundaries, privacy, consent and the management of conflict, reconciliation and ending relationships. This includes different (non-sexual) types of relationships.

Practical steps they can take in a range of different contexts to improve or support respectful relationships.

How stereotypes, particularly those based on sex, gender, race, religion, sexual orientation or disability, can cause damage, e.g. how they might lead to individuals feeling alienated or ridiculed.

That in school and wider society they can expect to be treated with respect by others, and that in turn they should show due respect to others, including people in positions of authority and due tolerance of other people's beliefs.

About different types of bullying (including cyberbullying), the impact of bullying, responsibilities of bystanders to report bullying and how and where to seek help.

About the impact of racism, homophobia, sexism, transphobia and disability discrimination and the responsibility of all members of our community to challenge all forms of prejudice and discrimination.

The types of behaviour in relationships that can be criminal, including violent behaviour and coercive control.

What constitutes sexual harassment and violence and why these are always unacceptable.

The legal rights and responsibilities regarding equality, with reference to the protected characteristics defined in the Equality Act 2010, and that everyone is unique and equal.

Online and media

4.5. By the end of secondary school, pupils will know:

The rules and principles for keeping safe online.

Their rights, responsibilities and opportunities online, and that the same expectations of behaviour apply in all contexts.

About online risks, including that material shared with another person has the potential to be shared online and the difficulty of removing potentially compromising material placed online.

Not to provide material to others that they would not want shared further and not to share personal material which they receive.

What to do and where to get support to report material or manage issues online.

The impact of viewing harmful content.

That specifically sexually explicit material, e.g. pornography, presents a distorted picture of sexual behaviours, can damage the way people see themselves in relation to others and negatively affect how they behave towards sexual partners.

That sharing and viewing indecent images of children is a criminal offence which carries severe penalties, including jail.

How information and data is generated, collected, shared and used online.

Being safe

4.6. By the end of secondary school, pupils will know:

The concepts of, and laws relating to, sexual consent, sexual exploitation, abuse, grooming, coercion, harassment, rape, domestic abuse, forced marriage, honour-based violence and FGM, and how these can affect current and future relationships.

How people can actively communicate and recognise consent from others, including sexual consent, and how and when consent can be withdrawn – this includes online.

Intimate and sexual relationships, including sexual health

4.7. By the end of secondary school, pupils will know:

How to recognise the characteristics and positive aspects of healthy one-to-one intimate relationships, which include mutual respect, consent, loyalty, trust, shared interests and outlook, sex and friendship.

That all aspects of health can be affected by choices they make in sex and relationships, positively and negatively, e.g. physical, emotional, mental, sexual and reproductive health and wellbeing.

The facts about reproductive health, including fertility and the potential impact of lifestyle on fertility for all genders.

The range of strategies for identifying and managing sexual pressure, including understanding peer pressure, resisting pressure and not pressurising others.

That they have a choice to delay sex or enjoy intimacy without sex.

The facts about the full range of contraceptive choices, their effectiveness and options available.

The facts around pregnancy including miscarriage.

That there are choices in relation to pregnancy, with legally and medically accurate, impartial information on all options including keeping the baby, adoption, abortion and where to get further help.

How the different sexually transmitted infections (STIs) are transmitted, how risk can be reduced through safer sex and the importance of facts about testing.

About the prevalence of some STIs, the impact they can have on those who contract them and key facts about treatment.

How the use of alcohol and drugs can lead to risky sexual behaviour.

How to get further advice, including how and where to access confidential sexual and reproductive health advice and treatment.

5. RSE programmes of study

- 5.1. The school is free to determine an age-appropriate, developmental curriculum which meets the needs of young people and includes the statutory content outlined in [section 4](#) of this policy.

6. Health education subject overview

- 6.1. The physical health and mental wellbeing curriculum will continue to develop pupils' knowledge on the topics taught at a primary level, in addition to the content outlined in this section.

Mental wellbeing

6.2. By the end of secondary school, pupils will know:

How to talk about their emotions accurately and sensitively, using appropriate vocabulary.

That happiness is linked to being connected to others.

How to recognise the early signs of mental wellbeing concerns.

Common types of mental ill health, e.g. anxiety and depression.

How to critically evaluate when something they do or are involved in has a positive or negative effect on their own or others' mental health.

The benefits and importance of physical exercise, time outdoors, community participation and voluntary and service-based activities on mental wellbeing and happiness.

Internet safety and harms

6.3. By the end of secondary school, pupils will know:

The similarities and differences between the online world and the physical world, including the impact of unhealthy or obsessive comparison with others online, over-reliance on online relationships, the risks related to online gambling, how information is targeted at them and how to be a discerning consumer of information online.

- How to identify harmful behaviours online, including bullying, abuse or harassment, and how to report, or find support, if they have been affected by those behaviours.

Physical health and fitness

6.4. By the end of secondary school, pupils will know:

The positive associations between physical activity and promotion of mental wellbeing, including as an approach to combat stress.

The characteristics and evidence of what constitutes a healthy lifestyle, maintaining a healthy weight, including the links between an inactive lifestyle and ill health.

About the science relating to blood, organ and stem cell donation.

Healthy eating

6.5. By the end of secondary school, pupils will know:

How to maintain healthy eating and the links between a poor diet and health risks, including tooth decay and cancer.

Drugs, alcohol and tobacco

6.6. By the end of secondary school, pupils will know:

The facts about legal and illegal drugs and their associated risks, including the link between drug use and serious mental health conditions.

The law relating to the supply and possession of illegal substances.

The physical and psychological risks associated with alcohol consumption and what constitutes low risk alcohol consumption in adulthood.

The physical and psychological consequences of addiction, including alcohol dependency.

Awareness of the dangers of drugs which are prescribed but still present serious health risks.

The facts about the harms from smoking tobacco, the benefits of quitting and how to access the support to do so.

Health and prevention

6.7. By the end of secondary school, pupils will know:

About personal hygiene, germs including bacteria, viruses, how they are spread, treatment and prevention of infection, and about antibiotics.

About dental health and the benefits of good oral hygiene and dental flossing, including healthy eating and regular check-ups at the dentist.

The benefits of regular self-examination and screening (This will be taught to pupils in the later years of late secondary school, at KS4).

The facts and science relating to immunisation and vaccination.

The importance of sufficient good quality sleep for good health and how a lack of sleep can affect weight, mood and ability to learn.

Basic first aid

6.8. By the end of secondary school, pupils will know:

Basic treatments for common injuries.

Life-saving skills, including how to administer CPR.

The purpose of defibrillators and when one might be needed.

Changing adolescent body

6.9. By the end of secondary school, pupils will know:

Key facts about puberty, the changing adolescent body and menstrual wellbeing.

The main changes which take place in males and females, and the implications for emotional and physical health.

7. Health education programmes of study

- 7.1. The school is free to determine an age-appropriate, developmental curriculum which meets the needs of young people and includes the statutory content outlined in [section 6](#) of this policy.

8. Delivery of the curriculum

- 8.1. The majority of the RSE and health education curriculum will be delivered through Religious Studies, PE, Learning for Life, Food and Nutrition and Science.
- 8.2. Through effective organisation and delivery of the subject, we will ensure that:

Core knowledge is sectioned into units of a manageable size.

The required content is communicated to pupils clearly, in a carefully sequenced way, within a planned scheme of work.

Teaching includes sufficient and well-chosen opportunities and contexts for pupils to embed new knowledge so that it can be used confidently in real-life situations.

- 8.3. RSE and health education complement several national curriculum subjects. Where appropriate, the school will look for opportunities to make links between the subjects and integrate teaching.
- 8.4. The RSE and health education curriculum will be delivered by appropriately trained members of staff.
- 8.5. The curriculum will proactively address issues in a timely way in line with current evidence on pupil's physical, emotional and sexual development.
- 8.6. RSE and health education will be delivered in a non-judgemental, age-appropriate, factual and inclusive way that allows pupils to ask questions in a safe environment. Staff will be mindful of the different family circumstances of our pupils, celebrating diversity and avoiding any stigmatisation for example of our Looked After Children and those in single-parent or same-sex parent families.
- 8.7. Teaching of the curriculum reflects requirements set out in law, particularly in the Equality Act 2010, so that pupils understand what the law does and does not allow, and the wider legal implications of the decisions they make.
- 8.8. The school will integrate LGBTQ+ content into the RSE curriculum – this content will be taught as part of the overall curriculum, rather than a standalone topic or lesson. LGBTQ+ content will be approached in a sensitive, age-appropriate way that allows pupils to explore the features of same-sex relationships. When teaching about these

topics, it will be recognised that young people may be discovering or understanding their sexual orientation or gender identity. There will be an equal opportunity to explore the features of stable and healthy same-sex relationships.

- 8.9. All teaching and resources are assessed by the HoFs and subject leads to ensure they are appropriate for the age and maturity of pupils, are sensitive to their religious backgrounds and meet the needs of any SEND, if applicable.
- 8.10. Classes may be taught in gender-segregated groups dependent on the nature of the topic being delivered at the time, and the cultural background of pupils where it is only appropriate to discuss the body in single gender groups.
- 8.11. All reference to and education about gender in relationships and sex education will be sensitive to transgender equality.
- 8.12. Throughout every year group, appropriate diagrams, videos, books, games, discussion and practical activities will be used to assist learning.
- 8.13. Inappropriate images, videos, etc. will not be used, and resources will be selected with sensitivity given to the age and cultural background of pupils.
- 8.14. Pupils will be prevented from accessing inappropriate materials on the internet when using such to assist with their learning. The prevention measures taken to ensure this are outlined in the school's E-safety Policy, and Acceptable Terms of Use Agreement.
- 8.15. Teachers will establish what is appropriate for one-to-one and whole-class settings, and alter their teaching of the programmes accordingly.
- 8.16. Teachers will ensure that pupils' views are listened to and will encourage them to ask questions and engage in discussion. Teachers will answer questions sensitively and honestly.
- 8.17. The curriculum will be designed to focus on all genders and activities will be planned to ensure all students are actively involved.
- 8.18. Teachers will focus heavily on the importance of healthy relationships when teaching RSE, with sensitivity not to stigmatise pupils with atypical family circumstances.
- 8.19. Teachers will challenge stereotypes and discriminatory views of individuals or groups with protected characteristics, through exploration of conscious and unconscious bias, with a view to developing mutual respect for all.
- 8.20. In teaching the curriculum, teachers will be aware that pupils may raise topics such as self-harm and suicide. When talking about these topics in lessons, teachers will be aware of the risks of encouraging these behaviours and will avoid any resources or material that appear as instructive rather than preventative.

8.21. At all points of delivery of the curriculum, parents and carers will be consulted, and their views will be valued. What will be taught and how, will be planned in conjunction with parents and carers.

8.22. The procedures for assessing pupil progress are outlined in [section 15](#) of this policy.

9. Curriculum links

9.1. The school seeks opportunities to draw links between RSE and health education and other curriculum subjects wherever possible to enhance pupils' learning.

9.2. RSE and health education will be linked to the following subjects:

Learning for life and Religious Studies

pupils learn about respect and difference, values and characteristics of individuals.

pupils are provided with the knowledge, skills and understanding to help prepare them to play a full and active part in society, including an understanding of how laws are made and upheld and how to make sensible decisions.

Science – pupils are taught about the main external parts of the body and changes to the human body as it grows, including puberty.

Learning 4 Life and ICT and computing – pupils are taught about how they can keep themselves safe online and the different risks that they may face online as they get older.

PE – pupils can develop competence to excel in a broad range of physical activities, are physically active for sustained periods of time, engage in competitive sport and lead healthy, active lives.

Food Technology KS3 – Understand and apply the principles of nutrition and health

10. Working with parents and carers

10.1. The school understands that parents and carers' role in the development of their children's understanding about relationships and health is vital.

10.2. When in consultation with parents and carers, the school will provide:

- The curriculum content, including what will be taught
- Information about parents and carers' right to withdraw their child from non-statutory elements of RSE and health education.

10.3. The school understands that the teaching of some aspects of the curriculum may be of concern to parents and carers.

- 10.4. If parents and carers have concerns regarding RSE and health education, they may submit these via email to enquiries@colmers.school, or contact the school office to arrange a meeting with the headteacher on 01214531778.

11. Working with external agencies

- 11.1. Working with external agencies can enhance our delivery of RSE and health education, and brings in specialist knowledge and different ways of engaging pupils.
- 11.2. External experts may be invited to assist from time-to-time with the delivery of the RSE and health education curriculum but will be expected to comply with the provisions of this policy.
- 11.3. The school will check the visitor/visiting organisation's credentials of all external agencies.
- 11.4. The school will ensure the teaching delivered by the external experts fits with the planned curriculum and provisions of this policy.
- 11.5. The school will discuss with the visitor the details of how they intend to deliver their sessions and ensure the content is age-appropriate and accessible for all pupils.
- 11.6. The school will request copies of the materials and lesson plans the visitor will use, to ensure it meets the full range of pupils' needs.
- 11.7. The school and the visitor will agree on how confidentiality will work in any lesson and that the visitor understands how safeguarding reports must be dealt with in line with the school's Child Protection and Safeguarding Policy.
- 11.8. The school will use visitors to enhance teaching by an appropriate member of teaching staff, not to replace teaching by those staff.

12. Withdrawal from lessons

- 12.1. Parents and carers have the right to request that their child is withdrawn from some or all of sex education delivered as part of statutory RSE.
- 12.2. Parents and carers **do not** have a right to withdraw their child from the relationships or health elements of the programmes.
- 12.3. Requests to withdraw a child from sex education will be made **in writing** to the headteacher.
- 12.4. The headteacher will inform parents and carers of the benefits of their child receiving RSE and any detrimental effects that withdrawal might have.
- 12.5. All discussions with parents and carers will be documented. These records will be kept securely in line with the school's Records Management Policy.

- 12.6. Following discussions with parents and carers, the school will respect the parents and carers' request to withdraw their child up to and until three terms before the child turns 16. After this point, if the child wishes to receive RSE rather than be withdrawn, the school will make arrangements to provide the child with RSE.
- 12.7. Pupils who are withdrawn from RSE will receive appropriate, purposeful education during the full period of withdrawal.
- 12.8. For requests concerning the withdrawal of a pupil with SEND, the headteacher may take the pupils' specific needs into account when making their decision.

13. Equality and accessibility

- 13.1. The school will comply with the relevant requirements of the Equality Act 2010 and will ensure the curriculum does not discriminate against pupils because of their:

Age

Sex

Race

Disability

Religion or belief

Gender reassignment

Pregnancy or maternity

Marriage or civil partnership

Sexual orientation

- 13.2. The school will consider the backgrounds, gender, age range and needs of its pupils and determine whether it is necessary to put in place additional support for pupils with the above protected characteristics.
- 13.3. The school understands that pupils with SEND are entitled to learn about RSE and health education, and the curriculum will be designed to be inclusive of all pupils.
- 13.4. The school is aware that some pupils are more vulnerable to exploitation, bullying and other issues due to the nature of their SEND – teachers will understand that they may need to liaise with the **SENDCO** and be more explicit and adapt their planning or work to appropriately deliver the curriculum to pupils with SEND.
- 13.5. Where there is a need to tailor content and teaching to meet the needs of pupils at different developmental stages, the school will ensure the teaching remains sensitive, age-appropriate, developmentally appropriate and is delivered with reference to the law.

- 13.6. The school will take steps to foster healthy and respectful peer-to-peer communication and behaviour between boys and girls, and provide an environment which challenges perceived limits on pupils based on their gender or any other characteristic.
- 13.7. The school will be mindful that for pupils who are or have experienced unhealthy or unsafe relationships at home or socially, the school may have a particularly important role in being a place of consistency and safety where they can easily speak to trusted adults, report problems and find support.
- 13.8. The school will be actively aware of everyday prejudice and discrimination such as racism, sexism, misogyny, homophobia, transphobia and gender stereotypes and take positive action to build a culture within which these are challenged. Any occurrences of such issues will be identified and tackled promptly.
- 13.9. The school will make clear that sexual violence and sexual harassment are not acceptable and will not be tolerated. Any reports of sexual violence or sexual harassment will be handled in accordance with the school's procedures.

14. Safeguarding and confidentiality

- 14.1. All pupils will be taught about keeping themselves safe, including online, as part of a broad and balanced curriculum.
- 14.2. Confidentiality within the classroom is an important component of RSE and health education, and teachers are expected to respect the confidentiality of their pupils as far as is possible.
- 14.3. Teachers will, however, understand that some aspects of RSE may lead to a pupil raising a safeguarding concern, e.g. disclosing that they are being abused, and that if a disclosure is made, the **DSL** will be alerted immediately.
- 14.4. Pupils will be made aware of how to raise their concerns or make a report, and how their report will be handled – this includes the process for when they have a concern about a peer.

15. Assessment

- 15.1. The school has the same high expectations of the quality of pupils' work in RSE and health education as for other curriculum areas.
- 15.2. Lessons are planned to provide suitable challenge to pupils of all abilities.
- 15.3. Assessments are used to identify where pupils need extra support or intervention.
- 15.4. There are no formal examinations for RSE and health education; however, to assess pupil outcomes, the school will capture progress in the following ways:

Written assignments

Self-evaluations

16. Staff training

- 16.1. Training will be provided through the school's annual CPD programme. HOFs and subject leader for L4L to the relevant members of staff will ensure that staff teams are up-to-date with the RSE and health education curriculum.
- 16.2. Training will also be scheduled around any updated guidance on the curriculum and any new developments, such as "sexting", which may need to be addressed in relation to the curriculum. All training materials and sensitive content will be shared in consultation with the DSL.
- 16.3. Appropriately trained staff will be able to give pupils information on where and how to obtain confidential advice, counselling and treatment, as well as guidance on emergency contraception and their effectiveness.

17. Monitoring quality

- 17.1. The HOFs and subject lead for L4L is responsible for monitoring the quality of teaching and learning for the subject.
- 17.2. The HOFs will conduct subject assessments, which will include a mixture of the following:
 - Pupil voice
 - Lesson observations
 - Learning walks
 - Work scrutiny

18. Monitoring and review

- 18.1. This policy will be reviewed by the headteacher in conjunction with the Assistant Headteacher on an annual basis.
- 18.2. Any changes to the policy will be clearly communicated to all members of staff and, where necessary, parents and carers and pupils, involved in the RSE and health education curriculum.
- 18.3. The next scheduled review date for this policy is September 2021

Appendix 1

RE: RSE and health education at Colmers School and Sixth Form

Dear parent/ carers,

Government guidelines outline that, from the age of 11, it is compulsory for all schools to provide an RSE and health education curriculum.

At Colmers School and Sixth Form, we believe that it is important to provide our pupils with a thorough and balanced curriculum, including age-appropriate information about sex and relationships.

The details of what will be taught is detailed in the school's RSE and Health Education Policy, which can be accessed on our school website, or in hard copy via our school office.

Though schools must provide RSE and health education for pupils from the age of 11, up until the age of 19, as parents/ carers, you are entitled to request that your child be removed from sex education lessons up to and until three terms before they turn 16-years-old. After that point, if your child wishes to receive sex education, the school will make arrangements to provide them with sex education during one of those terms.

Requests for withdrawal should be submitted in writing to myself, Ms Leaman, who will discuss this with you and your child's Head of Year , and determine an appropriate substitute for these lessons. In most instances, children will be provided with self-directed reading or exercises which they can complete under the supervision of a teacher or teaching assistant.

If you have any concerns or queries about your child's participation in these lessons, please do not hesitate to contact either myself or your child's class teacher to discuss these.

Yours sincerely,
